

# VEHICLE electronics

The monthly magazine for automotive electronics engineers

## 2018 FEATURES LIST

### January

Infotainment  
Vehicle networks

### February

Lighting  
Functional safety

### March

Driver assistance  
In-vehicle computers

### April

Simulation & modelling  
Software tools

### May

Sensors  
Infotainment

### June

Power technologies  
Test & measurement

### July

Connected cars  
Wireless

### August

V2X communications  
Microcontrollers & microprocessors

### September

Vehicle networks  
Safety & security

### October

In-vehicle computers  
High-temperature components

### November

Software tools  
Infotainment

### December

Power technologies  
Test & measurement

- Each issue will be published early in the month.
- Suggestions for features should be sent to the editor at least two months before publication.
- These should be sent by email to [editor@vehicle-electronics.biz](mailto:editor@vehicle-electronics.biz)
